# About us

**PTC Language Center**, which has been well-known as Phuoc Tien Language Center since its foundation in 1994, has its name from the 1298 Decision of the Provincial people's Committee of Khanh Hoa dated May 19, 2011 as a certified independent education organization.

**PTC Language Center** belongs to Phuoc Tien CO. LTD (Certificate of Business Registration Code 4200858730), business line consists of teaching foreign languages and providing consultancy for overseas study.

# Mission & Capacity

Offer high quality English language programs to learners of **different** educational and financial **backgrounds**.

**Improve excellence in teaching** for PTC academic staff as a contribution to the quality of English teaching in primary, secondary schools and colleges/universities in **Khanh Hoa**

**Activate learner motivation** in improving English and **ensure learner progress**

Since our establishment in 1994, we have been well-known as a provider of high-quality English programs for younger learners and adult learners in Nha Trang – Khanh Hoa. We are currently providing **10** different programs to meet the various needs of our learners: improving foreign language knowledge and skills (**English, French, Chinese and Japanese**), passing a national & international exam, getting a better job, studying overseas or just working or travelling.

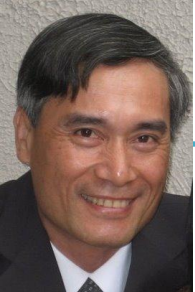

PTC now has over **90** different classes and **1800** learners (as of Nov. 2011).

**40%** of the learners are college and university students who are studying to improve their English language proficiency towards some

certain levels of Cambridge ESOL, IELTS or TOEIC as requested by their colleges and universities. The rest of our learners are children and adults, learning General English or Workplace English.

Learners from primary schools come to PTC for initial development of basic communication skills and motivation in learning and using a foreign language, which will be a significant basis for their learning of English in secondary schools.

Learners from secondary schools study English at PTC to make up for their limited communication skills in English which is a consequence of the current grammar-focused program of English in secondary schools.

# Academic Staff

## Teachers

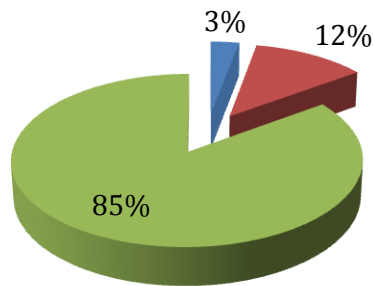

■ English ■ Japanese, French, Chinese

Most of PTC teachers work full-time at the local primary and secondary schools, colleges and universities. At PTC they are provided with a good environment for their linguistic and professional development which is now still deficient in their full-time teaching contexts.

All PTC staff members are skillful users of multi-media facilities and many of them have very good presentation skills and trainer experience. Some of them have been involved in national and international ESL/FL conferences as both presenters and participants.

## Qualification

■ Ed.D  
■ MA-TESOL  
■ BA-TEFL

**Designing and delivering professional development programs for English teachers has been one of our strengths.**

- **over 30 in-house** workshops & conferences for our staff members.
- **13** other training workshops held **at the request** of different language education institutions in other provinces, meeting various needs of their own English teaching contexts.
